WELCOME TO THE HOME OF QUALITY TILES & MORE

ROYAL EXPERIENCE

West African Ceramics Limited has been a prominent manufacturer of Ceramic products under the brand name 'ROYAL' in West Africa, specifically Nigeria, since 1995. Over the years, the company has gained extensive experience in producing Vitrified, Digital, and Roofing tiles to cater to the building material industry in the region.

INNOVATION

The company has demonstrated its commitment to innovation by consistently expanding its product range. It began with a single unit production facility for Ceramic Tiles and later transitioned to a larger facility in Ajaokuta, Kogi State.

Additionally, in 2018, West African Ceramics Limited introduced a cutting-edge product line of Engineered Marble & Natural Granite Stones through Royal Engineered Stones Limited showcasing its dedication to staying at the forefront of technological advancements in the industry.

PRODUCTION RANGE

With its state-of-the-art Ceramic production facility, the company utilizes Italian technology and equipment of international acclaim. The extensive product range includes an exquisite selection of Polished & Un-Polished Wall & Floor Tiles in Ceramic, as well as a variety of Porcelain Vitrified Tiles in Soluble Salt, Glazed Vitrified, Granite Series, Salt & Pepper Series, Wood Series, and Vitorsa Tiles under VB Series.

These tiles are available in various sizes, such as 60x120cm, 80x80cm, 60x60cm, 30x60cm, 40x40cm, 30x30cm, 40x80cm, 30x60cm, and 25x40cm, offering durable and maintenance-free options for customers.

TOP QUALITY BRAND

West African Ceramics Limited takes pride in producing high-quality materials comparable to international standards, while also maintaining affordability. By using 100% local content, the company ensures that its products meet stringent quality criteria. It caters to a diverse customer base, offering products suitable for all income categories, showcasing its commitment to providing top-quality service in the built environment. Moreover, the company has recently launched its Royal Roofing Structure Light Gauge Steel (LGS) unit, providing durable and cost-effective steel products to meet construction needs.

This commitment to quality is further exemplified by their position as the single largest facility for Granite and Engineered Marble manufacturing in Africa, and the only Agglomerated Marble manufacturing unit in the region, alongside major Granite Manufacturing Units in West & North Africa.

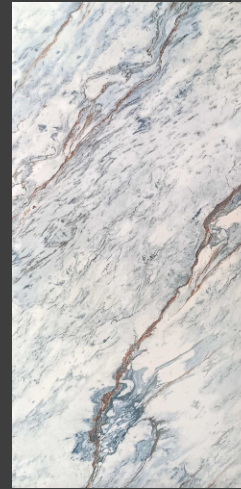

Additionally, the company has plans to reintroduce sanitaryware, further reinforcing their dedication to maintaining high-quality standards in their original line of business.
